An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

EXAMINER'S AMENDMENT

In The Claims

Claim 17 has been cancelled.

In The Drawings

Note attached copies of the drawings corrected in red.

Authorization for this Amendment was given in a telephone interview with Christopher Devries on May 31, 2005.

REASONS FOR ALLOWANCE

The claimed invention of an inverter system is found to be allowable over the prior art since an inverter system comprising a LC filter; inverter output sampling means to generate first correction signals; means to transform the inverter output into d-axis, q-axis, and zero-axis signals; means for processing the d-axis, q-axis, and zero-axis signals into d-axis, q-axis, and zero-axis regulation signals; means to generate a second correction signal from the d-axis, q-axis, and zero-axis signals; means to modify the zero-axis regulating signal with the second correction signal; and means to inverse transform the d-axis, q-axis, and modified zero-axis regulation signals into voltage regulation signals; means to combine the voltage regulation signals with the first correction signal to generate inverter control signals was not found to be singularly or collectively taught by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey Sterrett whose telephone number is (703) 308-1632. The examiner can normally be reached on Monday through Thursday from 8:00 AM to 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Sherry, can be reached on (703) 308-1680. The fax phone number for this Art Unit is (703) 305-7723 and the fax phone number for this Group is (703) 305-3431 or (703) 305-3432.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (703) 308-0956.
